Eastern Savings Bank is not affiliated with, nor does it endorse, Quicken®, Quickbooks® or Mint. Providing your log-in credentials or password to a third party may increase your risk of identity theft.

# Associate *Spotlight*

*Get to know ESB's Records Management Supervisor (and Freelance Photographer), Keith Newman*

**You became interested in photography during your high school years. How did that happen?**

I worked on the school newspaper and I occasionally took pictures.

**What style photography do you specialize in?**

I don't really have a style. I enjoy taking pictures of nature, architecture, sports and candid shots of people. I'm not into portraits.

**Name three things still left on your bucket list.**

- 1) Getting a picture in National Geographic
- 2) Photographing an Orioles game from the field
- 3) Photographing the Albuquerque Balloon Festival

**Where did you grow up?**

Edmondson Village in West Baltimore. I graduated from Edmondson and Towson State University. My major was Mass Communications. Also, I've been married to my wife Criss for 37 years. I have a son, Kendall who lives in Pittsburgh.

**What is the nerdiest thing you do in your spare time?**

Photography. I get strange looks because of the shots I take. I know some people have seen me in the parking lot down on my knees looking at flowers.

**Are there any famous photographers that have influenced your work?**

Not really. I do enjoy Ansel Adams and Gordon Parks!

**You've taken a lot of great photos at numerous landmarks around Baltimore City. What's your favorite landmark and why?**

I love Mt. Vernon. The fountains and the statues are incredible!

**You love taking photos at local cemeteries, which, ironically, often contain lots of scenic views and beautiful figures, etc. Is there anything specific that you look for while there?**

I shoot at the Woodlawn Cemetery and Druid Ridge mainly because of the streams and the wildlife. I have also taken pictures of the old statues. The old ones can be very interesting.

**What do you wish you could say with your photographs, and how do you get them to say it?**

When I got back into photography I started to notice the things around me more. I often say that it's amazing the things you see when you stop to look. So, I'll look closely at flowers, bees, butterflies, etc. Most people will never look at a flower as closely as the pictures that I've taken.

**You sell prints, photo books and calendars. Where might people be able to find these?**

Through my Facebook page, which is: [facebook.com/keith.newman.359](https://facebook.com/keith.newman.359)
