Accounts Disclosure

This Eastern Savings Bank, fsb Disclosure, which includes the Business Banking Services and Fees disclosure provided with this document, contains information about deposit products available to businesses (any account not primarily for personal, family or household use and not for a natural person). Your account is also governed by the Business Account Agreement.

Rates, Minimum Deposit and Balance

For information on rates, minimum opening deposit and minimum balance to earn interest refer to the Business Ratesheet. Eastern Savings Bank may change rates and yields reflected on the Business Ratesheet at any time without further notice. Any account may be automatically closed if the balance remains at \$0 for 90 days.

Interest Information

For accounts that earn interest, interest is calculated using the daily balance method, which applies a daily periodic rate to the principal balance in the account each day. Interest is credited monthly. Interest is compounded as set forth in the Business Ratesheet. The initial deposit and any cash and noncash additions thereafter earn interest from the business day of deposit up to the day of withdrawal. Annual Percentage Yields assume the interest rate remains unchanged and the funds remain on deposit for one year. Annual Percentage Yields are calculated based on a 366-day year in a leap year. Except for Certificates of Deposit (CD), the interest rate and annual percentage yield may change after the account is opened at any time at the discretion of Eastern Savings Bank. The interest rates for Certificates of Deposit are fixed for the term of the certificate. Eastern Savings Bank may limit the form of payment of interest on Certificates of Deposit.

Funds Availability

Since a certain amount of time is required for check clearance, Eastern Savings Bank reserves the right to place a hold on checks deposited. All deposits made on Saturday will be posted on the next business day. Eastern Savings Bank reserves the right to require seven days' written notice prior to withdrawal. Rules and regulations governing the use of checking accounts may be revised or amended by the Bank at any time. See the Business Account Agreement, Funds Availability for more details.

Your account may be subject to fees. Refer to the fees and charges found in the Business Banking Services and Fees provided with this disclosure.
